# OLGA SANTONI

FALL/WINTER 2019

Olga Santoni offers us a collection of more than 150 garments, which unfolds around three central themes: **Love**, **Capuccino** and **“Urban Chic”**.

A heart is the protagonist in the theme **“Love”**. The main motif is included as embroidery, drawn in rhinestones or as embroidery, among others.

Three are the base colors: white, black and red. Garments with a very baroque atmosphere are presented, enriched with a multitude of details such as bows and laces on top of each other. The silhouettes conform to the puff sleeves set trend. The shades of beige, tan, kaki, ocher and the range of browns are reserved for inspiration **“Capuccino”**, where writings and color give shape to garments made in jacquards with bicolour effect and monograms. The floral embroidery wear wide garments, layers and ponchos with “oversize” effect.

In the style **“Urban Chic”** she bets for the blue night and anthracite color, royal blue and sour strawberry color. Mirrored prints predominate along with mono chrome angora garments with embroidery in tone. Minor garments of impeccable cut are proposed. The materials chosen are the natural ones such as merino wool, angora and viscose.

I am whoever I want to be.

I am not always the same.

As a city that changes over time.

**I adapt.**

Today is a different day, today I look out over the river and I feel its  
breeze.

**I choose, I decide.**

.

I want to play. I want to invent rules and break them.

I'm myself and all the ones I want to be.

FALL/WINTER

No matter the angle from which you look.

The important thing is to be where you  
want to be.
